Mothers Day May 14, 2023.

Mothers are a special kind of people. Especially those that love God and show God's love to their children. "The sermon Sunday will be "Fixing The Family". Moms are around the children usually more than the dads. Unless due to times of death, separations, or problems occur. So we do the disciplining, training, showing them also how to grow into adults by our actions. When they love you they want to follow you around and sometimes get aggravating and we tell them to go find something to do. But moms, maybe they just need your attention which gives them the assurance and they go on their way. God likes our attention and wants us to take time with Him where else can we get growth in Him? He wants us to have His blessings every day but sometimes we need to fix our ways to fix our family. Mothers, do you need help? **Jeremiah 33:3** says call upon me and I will answer thee, and show thee great and mighty things, which thou knowest not. Every day we do our best but sometimes we feel we fail, but moms, don't blame yourself this is what the enemy wants, remember, "things happen" and we are not perfect if we were we would be in Heaven! We learn from our mistakes as a fighter, pick ourselves back up, and go again with God's help...Love...
