GOSPEL LIGHTHOUSE OUTREACH CHURCH

“ THE CHURCH ON THE HILL “

Pastors: Bennie & Jeanette Dendy

FROM THE PASTOR'S DESK

AUG. 4, 2013

Welcome and bless the ones who made that special effort to get out of bed, and make it to church this morning. You'll receive your blessing!

Please keep in prayer: our troops, government leaders, our Evangelist, Sister Mary Adams, Sister Bess graham, Lay Witness For Christ Ministry, Dr. Sam and Sharon Mings, Israel, all churches, our prayer box, all the sick people, and the web site gospellighthouse-outreach.com. We put prayer request from our members and from the web site into our prayer box and pray over the names in the box each time we have service.

We are in process of getting bids and the paper work we need from the city to start on the finishing of our new addition to the church. We are checking into pavement for our parking lot. So please pray that God gives us the right people so we can get it completed and move forward into God's work. And let's give God thanks for all He has supplied for the building.

Our scripture for this week: 1 Co. 3:8; KJV; Now he that planteth and he that watereth are one: and every man shall receive his own reward according to his own labour.

“Build Wisely,” I read this article that my cousin, Annette Haven, sent to me. I found it interesting for it sounds like some of the people of this world today.

It also reminds me of a wonderful Christian member of our church, Sister Odessa Cook, that passed away a few weeks ago. She often quoted, **“What kind of timber are you sending up for God to build your mansion?”**

Please read it closely and get the meaning of it and maybe pass it on to someone who does not know Christ as their Savior or maybe a believer who needs to read it!

I've heard the expression that Jesus was a carpenter. I've never read it in the Bible. But I have read that He was a carpenter's son, meaning His earthly father, Joseph, not His Heavenly Father.

Build Wisely!

by **George Whitten, Editor of Worthy Devotions,**

1 Corinthians 3:10 ; According to the grace of God which is given unto me, as a wise master builder, I have laid the foundation, and another buildeth thereon. But let every man take heed how he buildeth thereupon.

An elderly carpenter was ready to retire. His contractor was sorry to see such a good employee go, and asked him if he would build just one last house as a personal favor. The carpenter agreed but his heart was not in it. He resorted to bad workmanship and using cheap materials.

When the carpenter finished his work, the contractor came over and handed the front-door key to the carpenter. "I appreciate all the hard work you've done for me all these years and I'd like you to have this house as a token of my gratitude."

The carpenter was shocked! If only he had only known he was building his own house, he would have worked much harder! Now he owned a house that wasn't built very well.

We should think of ourselves as carpenters, and our lives here on earth, as our house. Each day we hammer a nail, place a board, or erect a wall, we must build with care! It is the only life we will ever build. And what we do here will count for eternity!

Our lives today are the result of our attitudes and choices in the past. Our lives tomorrow will be the result of our attitudes and the choices we make today! Let's proceed with caution.
