**Pastors: Bennie & Jeanette Dendy**

From the pastor's desk

August 25, 2013

**It is wonderful to see all your smiling faces this morning!** God likes to see you come to visit Him with a smile. It lets him know you are truly happy to come into His house to worship Him and visit with your Christian family. It does the pastors heart well also. Maybe he is doing something right, Amen! Bless all of you. It does a heart good to enjoy the word of God.

**Please keep in prayer:** our troops, government leaders, our Evangelist, Sister Mary Adams, Sis. Bess Graham, Lay Witness For Christ Ministry, Dr. Sam and Sharon Mings, Israel, all churches, our prayer box, all the sick people, and the web site [gospellighthouse-outreach.com](http://gospellighthouse-outreach.com) . We put prayer request from our members and from the web site into our prayer box and pray over the names in the box each time we have service.

**Family of the Month of August is Brother James and Sister Theda Baker.** Brother Baker is one of our deacons and one of our musicians and also teaches Sunday School part time. Sister Baker sends out the Birthday, Anniversary and Get Well cards

to the church members and she sings great! Thanks for your help! Enjoy your parking space and your free meal with Brother and Sister Dendy.

**Our scripture this week is; Mark 11:22; And Jesus answering saith unto them, Have faith in God.**

## Do You Believe In Divine Healing?

On Wednesday evening, August 21, 2013, I felt so terribly bad I told my husband, "My back feels so bad that I feel as though I can't take another step. I don't know if I can go to church or not." But I went anyway. Thank you Father that I did. I had been hurting for two to three weeks. Pain pills nor the muscle relaxers the doctor gave me did not stop the pain but did numb it a little.

When we got to church I told my pastor of my dilemma. He said let's take care of this now! He called for his wife, our guest preacher and elders to come forward and pray for me. Afterwards the pain was still there. We went on with the service which was a little longer than usual but no one was complaining about it.

Just before closing church service I moved around a little in my seat and felt no pain, so I moved a little more in other directions, no pain! I whispered to myself, "Thank you Lord." I didn't realize the pain was gone. I had to give God the glory for the pain leaving so I stood up and did so, letting the church know that I had no pain. The pastor's great grandson was also healed of an earache.

Pastor Dendy tells us that we need to believe in order to receive or doubt and do without. We should ask our Heavenly Father for what we need and believe through Faith he's going to supply, and be sure not to pray amiss. Yes, I have faith that He will do what we ask in His time, if we serve Him. But I had not asked before this time for my healing! Who's fault was it I was still hurting? Mine!

Sometimes we get too busy doing other things to stop long enough to pray. We just pop a pill or two and believe it will stop the pain. If we have this much faith in man's way, why do we not stop at the minute we need healing and ask God for it and be healed His way? We're surely going to receive help from Him before we do from a pill which is just going to cover up not heal!

**James 5:14-15 says; <sup>14</sup>Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: <sup>15</sup>And the prayer of faith shall save the sick, and the Lord shall raise him up; and if he have committed sins, they shall be forgiven him.**
